Dedication

Four years ago Sumner admitted the class of '72 and a new physical education director, Mr. Harmon. He has freely given of his own time so that we could go skiing, bowling, and roller skating and more fully enjoy our four years at Sumner.

We, the class of 1972, wish to dedicate our yearbook to Dennis Harmon.

Appreciation

We would like to thank Debbie Cashman for the time and effort she has put into the Drama Club, Senior Play, Junior Speaking, and One-Act Plays.

The class of 1972 wishes to take this opportunity to extend our sincere appreciation for all she has done.

ADMINISTRATION

DALE DOUGHTY

ALICE SARGENT

We, the class of '72, fully appreciate the efforts that each of these people has put forth to help us. A special thanks to you all.

The Sumner Tigers have had a successful season this year. Their final record for the regular season was 22 wins, 5 losses. We also won the Mars Hill Holiday Tournament, beating both Van Buren and Katahdin. In the Eastern Maine Tournament we beat Lee Academy, Central High School, and in the finals, Katahdin, to win the Eastern Maine Championship for the 4th time in a row - something which has only been done once in Maine previously. We were defeated by York in the State Championship game at the University of Maine.

Three seniors have played their last game at Sumner: Wade Sargent, Bobby Scott, and Elliott Daley. Wade was both high scorer and rebouncer for the club this year. The Tigers will certainly miss the talent of these three players next year.

STUDENT COUNCIL

The Student Council has been very active and successful this year. They have been able to maintain the smoking area and cut down on basement smoking. We have acquired a student lounge for those students who maintain their ranks. With the help of Mr. Moyer and Mr. Dunham, the Student Council acquired the right to bring cars to school for all responsible students. They have also monitored the cafeteria during the lunch hour and in student lounge. They have tried through assemblies and leadership to keep our school a cleaner and better place. Acting as president for the Student Council is Wendy Mohr, who has been an important part of the Council's success. We hope the Student Council will continue to be as successful and active in the years to come.

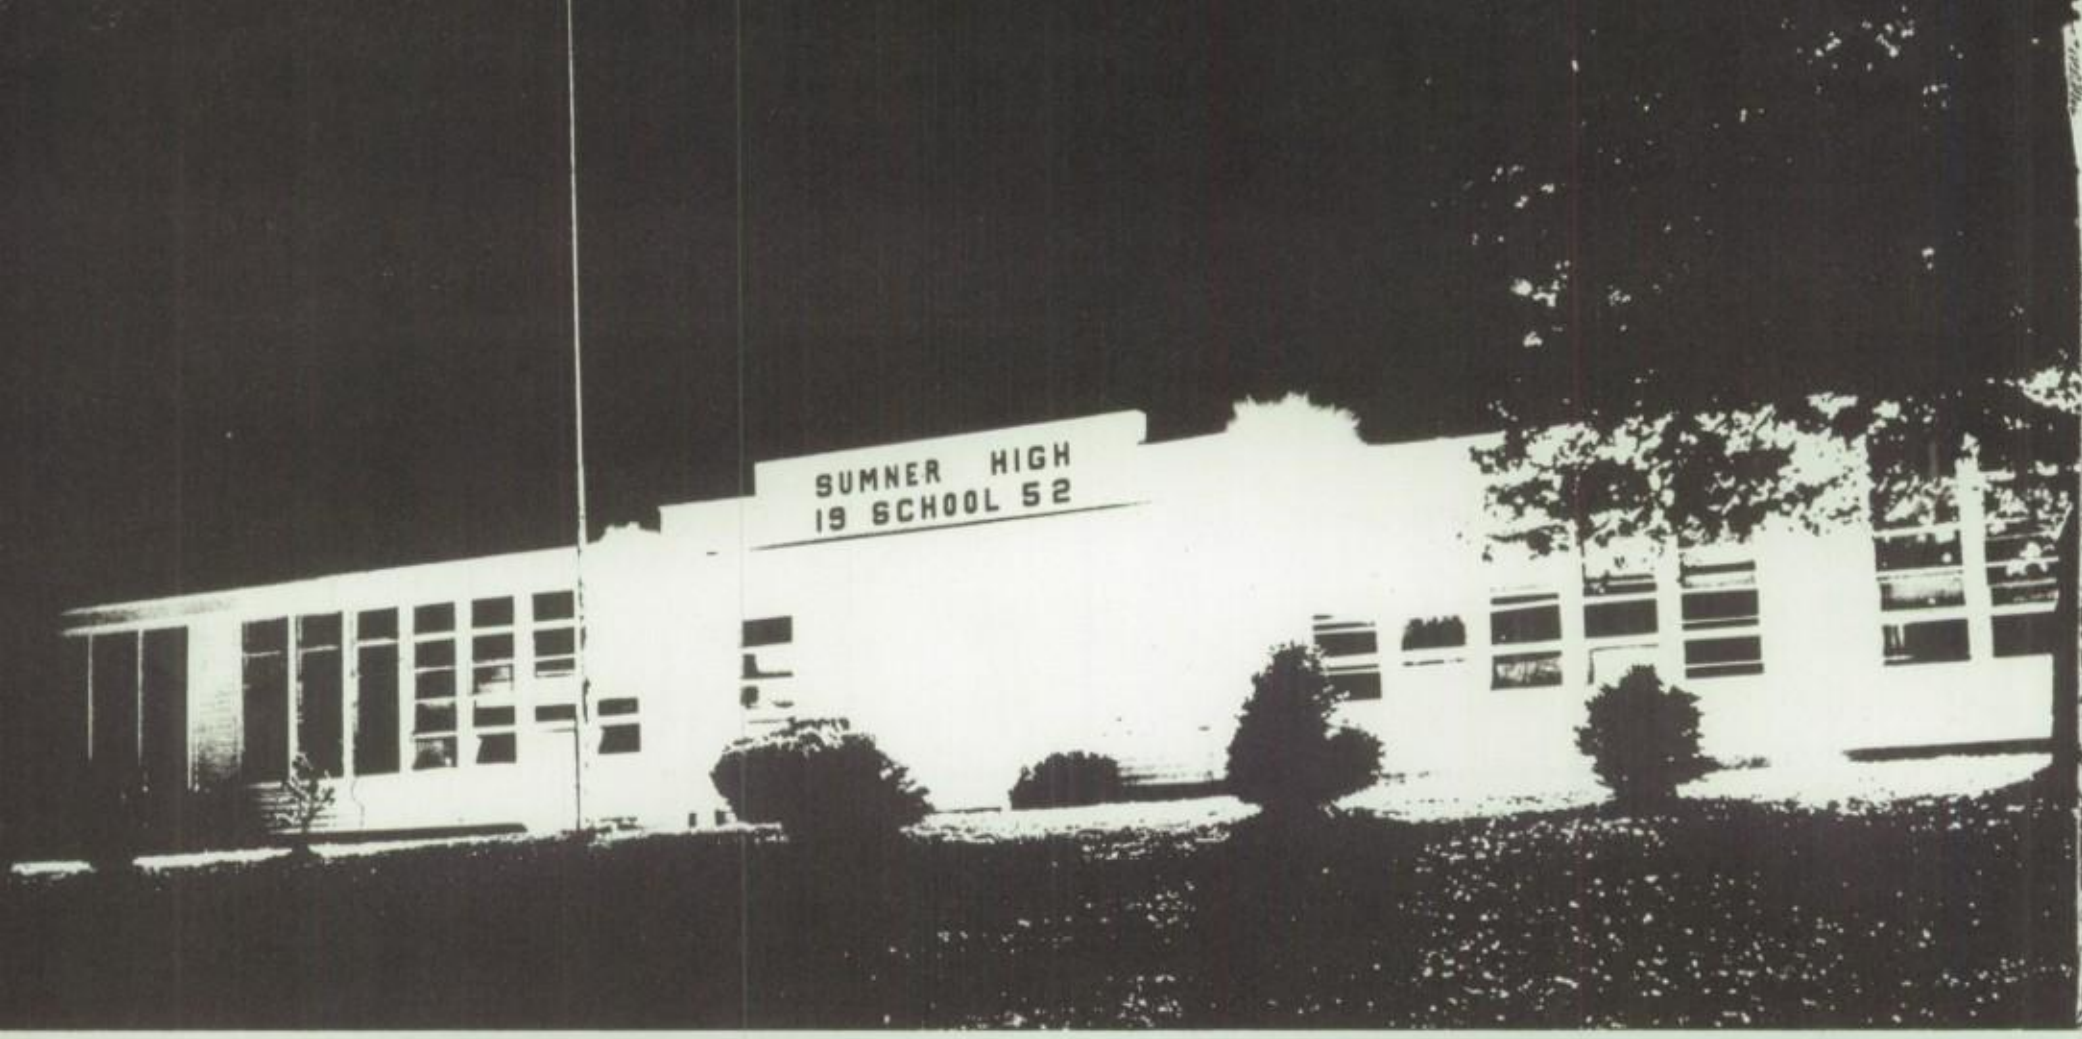
Neptune Brand Sardines



Where does the future of America lie? There is only one answer. It lies in the hands of today's youth. Many "doubters" express their rather candid opinions that young people today will never be able to handle the nation's problems. These people have seldom asked themselves, "How well has my generation handled our nation's problem?" The answer is too obvious. These people look upon the entire youth group and brand us all misfits. Surely there are young and old people alike who carry their convictions too far.

Fortunately, there are individuals such as some of our teachers and organizations who are totally devoted to America's youth. They are willing to help young people become leaders instead of followers. We are lucky to have the educational system that we do, though the relevancy of education for some students is certainly questionable.

Who will handle the upgrading of our educational system? Again, the answer is today's youth. We are learning, observing, and becoming a part of society. Undoubtedly, tomorrow's leaders are learning today.

"A journey of a thousand miles begins with but a single step." And we, the youth of America, have taken that single step and are learning to take many more. It will be these steps which form the path to America's future.
